Select the Minus icon to decrease

## 2014 Program Book alternative formats

### □□EPUB

EPUB is the free and open e-book standard developed by the [International Digital Publishing Forum \(IDPF\)](#). It is the most widely adopted format for publishing eBooks. In its latest upgrade EPUB 3 has embraced all accessibility features present in the DAISY standard.

Here a reflowable EPUB has been provided with TOC and image descriptions. This EPUB file can be read on a range of devices with text to speech and magnification if required by the user.

#### To read this EPUB use:

[Readium](#), [AZARDI](#), [Adobe Digital Editions](#) or any other EPUB reader on Windows

[Cool Reader](#), [Ideal Group Reader](#) or similar apps on the Android phones and tablets

[iBooks](#) on iPhone, iPad and iPod Touch.

Use [Adobe Digital Editions](#) or [AZARDI](#) on the Mac computers

### DAISY

[DAISY](#) (Digital Accessible Information System) is an internationally recognised accessible multi-media publishing system that has opened up a much wider choice of reading for individuals unable to use standard-sized print such as people with visual impairments, with dyslexia, with motor disabilities or with age related macular degeneration. DAISY users can navigate the document precisely sentence by sentence, can search, place bookmarks, and control the reading speed without distortion.

#### To read this DAISY book:

Uncompressed the downloaded folder and then use any of the players mentioned below. When prompted select the “.OPF” file inside the DAISY book folder to open it. Most players will automatically detect the DAISY books in the Memory devices.

Use [EasyReader\\*](#), [AMIS](#), [FSReader\\*](#) or any other [DAISY player](#) on Windows

[GoRead](#), [DARWIN Reader\\*](#) on Android phones and tablets

[Read2Go](#) on the iPhone, iPad and iPod Touch

[DAISY2Go\\*](#) or [MobileDAISY\\*](#) on Symbian mobile phones

[ReadHear™\\*](#) on Mac computer

Portable DAISY players like the Plextalk Pocket\*, Victor Reader Stream\* and others can also be used.

The screen reading software or the “read aloud” feature of the apps can be used to listen to the text in this DAISY book. Font size, background text colour can be customized in most apps. Advanced features like word level highlighting is also available in some of the reading systems.

### **HTML (topic areas and program book)**

The program book and 2013 Proceedings have also been converted to a Multi-page HTML format for easier reading within the web browser. The pages offer a clean interface and contain keyboard accessible links to the next and previous section and the table of contents. It also contains image descriptions and print source page numbering. The magnification and colour customization features provided by the browser and the OS will work well with these files.

### **To read the HTML files:**

No additional apps are required. The web browser available in the computers and mobile devices can be used to read these HTML files.

Keystrokes for keyboard navigation:

Previous: ALT+P | Next: ALT+N | Table of Contents (TOC): ALT+T □ Skip to top of page (UP): ALT+U | Home (beginning of book): ALT+H □ Press ENTER after each keystroke

□
